The Centers for Medicare & Medicaid Services (CMS) has selected the targeted sample of hospitals for data validation of measures within the Hospital Inpatient Quality Reporting (IQR) Program and the Hospital-Acquired Condition (HAC) Reduction Program for the Fiscal Year (FY) 2026 payment determination / program year. It is possible for a hospital to be selected in consecutive years. The quarters included in the inpatient data validation efforts for FY 2026 are first quarter (Q) 2023 (1Q 2023), second quarter 2023 (2Q 2023), third quarter 2023 (3Q 2023) and fourth quarter 2023 (4Q 2023).

All random and targeted hospitals selected for validation are subject to the same requirements. Hospitals selected randomly cannot also be selected as targeted within the same fiscal year. The selected hospital list posted on *QualityNet* does not publicly indicate which hospitals were selected randomly vs. targeted.

Selected hospitals will receive a direct email from the CMS Value, Incentives, and Quality Reporting Validation Support Contractor. The list of hospitals selected for validation, as well as validation resources, can be found on https://qualitynet.cms.gov. To access, select **[Hospitals – Inpatient]**, and then **[Data Management]**, followed by **[Data Validation]**, and lastly **[Resources]**: https://qualitynet.cms.gov/inpatient/data-management/data-validation/resources.

Please do not respond directly to this email. For further assistance regarding the information contained in this message, please contact the Value, Incentives, and Quality Reporting Validation Support Contractor at validation@telligen.com.
