Subject: Title: CMS Releases Updated FY 2025 PPSRs for the FY 2025 Hospital Value-Based Purchasing (VBP) Program

The Centers for Medicare & Medicaid Services (CMS) released updated fiscal year (FY) 2025 Percentage Payment Summary Reports (PPSRs) for the Hospital Value-Based Purchasing (VBP) Program on October 24, 2024, due to an issue in the calculation of the Colon and Abdominal Hysterectomy Surgical Site Infection (SSI) measure. CMS previously released updated Hospital-Specific Reports (HSRs) for the Hospital-Acquired Condition (HAC) Program on October 4, 2024. In addition, the corrected SSI values will be displayed when Care Compare data is updated for the October 2024 release.
