Announcement from the Centers for Medicare & Medicaid Services (CMS):

The Hospital Quality Reporting (HQR) System has been updated to enhance submissions for the Total Hip Arthroplasty/Total Knee Arthroplasty (THA/TKA) Patient-reported Outcome-based Performance measure (PRO-PM).

You can now export an individual survey as a PDF from the HQR System.

- To export a PDF, locate the three-dot menu to the right of the survey and select **Export**.

Status definitions have been added for File Upload.

- To view File Upload status definitions, click on the **i** icon next to Status, and a pop-up will be displayed with each upload status outlined.

As the HQR System continues to improve, any changes will be communicated.
