Date: June 11, 2026

Subject: Reminder: CMS Releases Hospital-Specific Reports for Readmission, Mortality, EDAC, THA/TKA Complication, and THA/TKA PRO-PM Measures that will be Publicly and Confidentially Reported in July 2026

Review your Hospital-Specific Report (HSR) on the Hospital Quality Reporting (HQR) for the Readmission, Mortality, EDAC, THA/TKA Complication, and THA/TKA PRO-PM measures.

The Preview Period began May 22, 2026 and ends June 20, 2026.

The Centers for Medicare & Medicaid Services (CMS) encourages hospitals to review their HSRs and submit questions about their calculations as soon as possible. Submit all requests for corrections using the [QualityNet Question and Answer Tool](#) **no later than 11:59 p.m. PT on June 20, 2026**. More information about the preview period process is available in the HSR User Guides available within the HQR system and on the applicable measures' page on QualityNet.

Hospitals should not include personally identifiable information (PII) or protected health information (PHI) in emails. When referring to the contents of the HSR, use the ID Number.

The HSRs include hospital-level performance data displayed on the *Measure detail dashboard* of the [HQR system](#), as well as downloadable comma-separated values (CSV) files with additional details and your hospital's patient-level data. Hospital-level performance data is also available in downloadable portable document format (PDF) files. Each report has an accompanying user guide with information about the contents of the HSRs.

The following measures are included in the reports:

Measure
Readmission measures
30-day risk-standardized condition- and procedure-specific readmission measures
Hybrid Hospital Wide Readmission (HWR) measure
Mortality measures
30-day risk-standardized condition- and procedure-specific mortality measures
Hybrid Hospital Wide Mortality (HWM) measure
EDAC Measure
30-day, risk-standardized, condition-specific EDAC measures
Patient Safety Measure
Risk-Standardized Complication Measure following Total Hip Arthroplasty/Total Knee Arthroplasty (THA/TKA)
Patient-Reported Outcome Measure
THA/TKA Patient-Reported Outcome-Based Performance Measure (PRO-PM) Overall Second Voluntary Reporting period (VR2)
THA/TKA PRO-PM Interim FY 2028 Mandatory Reporting period (Preoperative PRO data only)

*These reports do not include HSRs for the CMS Patient Safety Indicator (PSI) measures that are publicly reported on the Compare tool. CMS PSI measures will be publicly reported in the October 2026 release.
