**To:** IQR, EHR, PI, OQR, OQR-EHR Notify Listserv Recipients  
**Subject:** Now Available: 2027 CMS QRDA I Implementation Guide (IG), Schematron, and Sample Files for Hospital Quality Reporting (HQR)

The Centers for Medicare & Medicaid Services (CMS) has published the [2027 CMS Quality Reporting Document Architecture Category I \(QRDA I\) Implementation Guide \(IG\)](#), along with the associated Schematron validation rules and updated sample files, for use in the Hospital Quality Reporting (HQR) programs.

The 2027 CMS QRDA I IG defines the technical requirements hospitals must follow when submitting electronic clinical quality measures (eCQMs) for the Calendar Year (CY) 2027 performance period. These specifications support standardized, structured reporting of quality data from certified electronic health record (EHR) technology to CMS.

High-Level Changes in the 2027 CMS QRDA I IG (Compared to the 2026 IG, Version 1.0):

- Updated the IG to include Rural Emergency Hospital Quality Reporting Program (REHQR)
- Updated HQR validation rule CMS\_0082 for CMS EHR Certification ID format starts with “2027C”
- Updated the HQR validation rule CMS\_0089 to include REHQR

Updates to the 2027 CMS QRDA I Schematron Files:

- Updated assertion rules related to CMS\_0123
- Updated QRDA Category I Report CMS V10 template extension to 2026-05-01
- Updated vocabulary file (voc.xml) to include code HQR\_REHQR and display name for Rural Emergency Hospital Quality Reporting Program in CMS Program Name

Updates to the 2027 CMS QRDA I Sample Files:

- Added new REHQR sample file
- Updated eCQM information to align with the updated versions for the 2027 reporting period.

**Additional QRDA-Related Resources:**

- Learn more about QRDA and eCQMs on the [Electronic Clinical Quality Improvement \(eCQI\) Resource Center](#).
- Submit questions related to the QRDA IGs and/or Schematrons through the Office of the National Coordinator for Health Information Technology (ONC) Project Tracking System (Jira) [QRDA Issue Tracker](#).
- See the [QRDA Known Issues Dashboard](#) for solutions under development for both QRDA I and III known technical issues. These known issues supplement the information in QRDA IGs and other supporting documents.
